

Quality Environmental Solutions For a Pollution Free World

SRI SAI MANASA NATURE TECH PVT. LTD.
KIWIS ECO LABORATORIES PVT. LTD.

Nature - People - Technology Synergy

About Us

SSMNT Group was started its journey with M/s. Sri Sai Manasa Nature Tech Pvt. Ltd. in 2005 offering environmental consultancy services across PAN India.

We extended our services in the field of Environmental Chemistry including sampling and compliance monitoring through M/s. Kiwis Eco Laboratories Private Limited in 2013. Later diversified into project management services by adding M/s. Sri Sai Manasa Enviro Engineers Private Limited in 2011. (Formerly known as CBR Enviro Engineers) rendered project management services and preparation of DPR's to various clients from 2011.

Mission

To deliver sustainable environmental management solutions and technical support to our clientele and ensure their commitment towards environmental protection.

Vision

To emerge as global leader in the field of environment and sustainable development.

Values

Customer Satisfaction • Integrity • Quality • Innovation • Profitability • Team Work

SSMNTPL Consultancy Services

SSMNTPL has offered its consultancy services for more than 5000 clientele across INDIA in the following Areas.

- » **Environmental Impact Assessment (EIA)/Environmental Management Plan (EMP) Studies**
- » **Preparation of Mining Plans**
- » **Environmental Social Impact Assessment (ESIA) Studies**
- » **Socioeconomic Impact Assessment (SIA) Studies**
- » **Ecology & Biodiversity Studies**
- » **Environmental techno legal and advisory services**
- » **CRZ Clearances**
- » **Due diligence studies**
- » **Risk Assessment studies**
- » **Environmental compliance auditing**
- » **Environmental audit / Waste audit**

Sectors We Offer

Industrial Sectors

- Mining of minerals including Opencast / Underground mining
- Building and large construction projects including shopping malls, multiplexes, commercial complexes, housing estates
- Townships and Area development projects
- Industrial estates/ parks/ complexes/areas, export processing Zones (EPZs), Special Economic Zones (SEZs), Biotech Parks, Leather Complexes
- Induction/ arc furnaces/ cupola furnaces/ submerged arc furnace/ crucible furnace/ re-heating furnace
- Cement plants
- Distilleries
- Leather/skin/hide processing industry
- Common Effluent Treatment Plants (CETPs)
- Thermal Power Plants
- Coal washeries
- Metallurgical industries (ferrous & nonferrous) - both primary and secondary
- Common Municipal Solid Waste Management Facility (CMSWMF}
- Offshore and onshore oil and gas exploration, development & production
- River Volley, Hydrel, Drainage and Irrigation projects
- Mineral beneficiation including pelletisation
- Petroleum refining industry
- Coke oven plants
- Asbestos milling and asbestos based products
- Chlor-alkali industry

Industry Type

- Soda ash Industry
- Chemical fertilizers
- Pesticides industry and pesticide specific intermediates (excluding formulations)
- Petro-chemical complexes
- Textile-cotton and manmade
- fibers Petrochemical based processing
- Synthetic organic chemicals industry
- Integrated paint industry
- Pulp& paper industry
- Sugar Industry
- Oil & gas transportation pipeline
- Isolated storage & handling of Hazardous chemicals
- Airports
- All ship breaking yards including ship breaking units
- Common hazardous waste treatment, storage and disposal facilities (TSDFs)
- Ports, harbours, je tties, marine terminals, break waters and dredging
- Highways, railways, transport terminals, mass rapid transport systems
- Aerial ropeways
- Additional Sectors
 - i)Automobile and Auto Components
 - ii)Electroplating and Metal Coating
 - iii)Electrical and Electronics including component industry
 - iv)Glass and Ceramic Industry
 - v)Food Processing

» **Solid Waste Management system**

» **Waterwate Management**

» Design, Supply, Commissioning operation Maintenance & performance evaluation of STP ETP TETP

» Zero Liquid discharges (ZLD) Study

» **Environmental Sustainability Studies**

» Carbon foot print studies

» Water audit

» Environmental audit

» **Risk Assessment and Disaster Management**

» **Traffic Surveys**

» **GIS (Land use, Land Cover)**

» **Hydrogeological Studies & Ground Water Mapping**

» **Trainings**

Kiwis Eco Laboratories Pvt Ltd (KELPL)

Laboratory Division: KELPL is one of the state of art lab providing in Monitoring and analytical Services. The lab is accredited with NABL,MOEF&CC. We provide reliable, affordable and accurate testing services as per National and International standards & Specifications using well equipped facilities for wide Spectrum of industries in Physical, chemical and biological testing.

Environmental Testing

- Ambient Air Quality Monitoring
- Indoor Air Quality Monitoring
- Stack Emission Monitoring
- Weather Monitoring
- Noise Monitoring
- Soil & Ground Water Monitoring
- Surface water monitoring
- Water & Wastewater Analysis.
- Marine water sampling and analysis
- Leak Detection and Repair Studies (LDAR)
- Volatile Organic Compounds (VOC) Monitoring

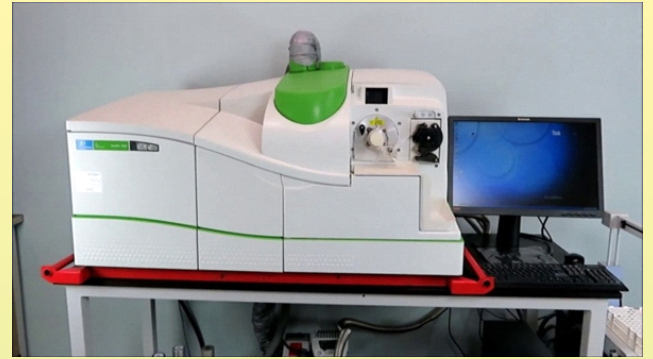

Pharmaceutical Products

- Assay of the product
- Bulk Drugs
- Sterility
- Endotoxin
- Intermediates
- Heavy metals in Ayurvedic & Natural products

Microbiology

- Total Bacterial count
- Total coliform
- Fecal coli form
- Identification of Phytoplankton and zooplanktons
